Sublimated MMA Shorts

Notes:

- 1. Make sure that all fonts are outlined or expanded.
- 2. Make sure to provide an accurate PMS color for each color used. Monitor colors do not always accurately portray print color.
- 3. Make sure that all color expands just beyong the edge for proper printing.
- 4. Careful with designs too close to an edge as they may be altered during cut and sew process.
- 5. Sticthing will travel through the design. Some areas near edges with be sewn over.
- 6. Like all manufacturers color can appear faded when stretched to its limits.
- 7. Like all manufacturers white base will have a level of transparency.
- 8. Artwork should not copyrighted or trademarked material. Customer accepts/assumes all risk otherwise.
