For artwork submission, please ensure that the artwork fills up to the black lines for bleed purposes. All important aspects and copy of the artwork must be well within the inner red template lines. Artwork should be clipped to the black line (do not leave any art beyond the black template line). Note that these lines will print. Remove all template lines prior to submitting artwork. Artwork should be in CMYK (Pantone colors should be converted to CMYK). Also, please outline all fonts to preserve the original design. Have all additional files embedded (psd, jpg, etc). If files are not vector, using 300 dpi images/files are highly recommended for production purposes.

If using black: C 100 M 100 Y 100 K 100 is recommended.
